FEATURE

Blue Diamond offers a game that introduces the **energy function**. Each win in the base game activates the coin phase, converting wins into **credits**.

PAYMENT LINES

With 10 paylines in action, each matching symbol that lines up from left to right corresponds to a win.

BASE GAME

Winning combinations give access to the **moneta** phase.

MONETA PHASE

The **moneta** phase is activated with any win and converts the value of the win from cash to credits.

RISK GAME

By collecting credits, you activate the possibility of entering the **RISK GAME**. All COINS convert to credits, offering the opportunity to increase, decrease, or leave them unchanged.

SPECIAL SYMBOLS

The game features **7** regular symbols, a **WILD** and a **SCATTER** symbol. The WILD symbol substitutes for all symbols except the SCATTER.
