BASE GAME
COIN FEATURE

Wins in the base game are paid in coins and you enter the **COIN** feature.
At this stage, any winnings will be paid in Euros. You can change your bet or exchanged your coins in Euros and activated the **EXCHANGE WHEEL**.
Place coins, spin the wheel and collect the prize in the winning sector.

RISK PHASE

After a win, you can try your luck in the **RISK** phase.
Here, choose between the **RED** or **BLACK** card, and if you guess correctly, your winnings double.

JACKPOT PRIZES

If 2, 3, or 4 diamonds appear, the special phase for winning **Jackpot** prizes is activated.
You will have a grid made of diamonds, **3 matching symbols** will lead you to the corresponding prize.
