

Classic BLACKOUT HOT SPIN

MIN & MAX WIN

MAX WIN

PAYMENT LINES

FEATURE

When the **energy phase** is activated, it explodes into **4 reels** that spin across **10 paylines**.

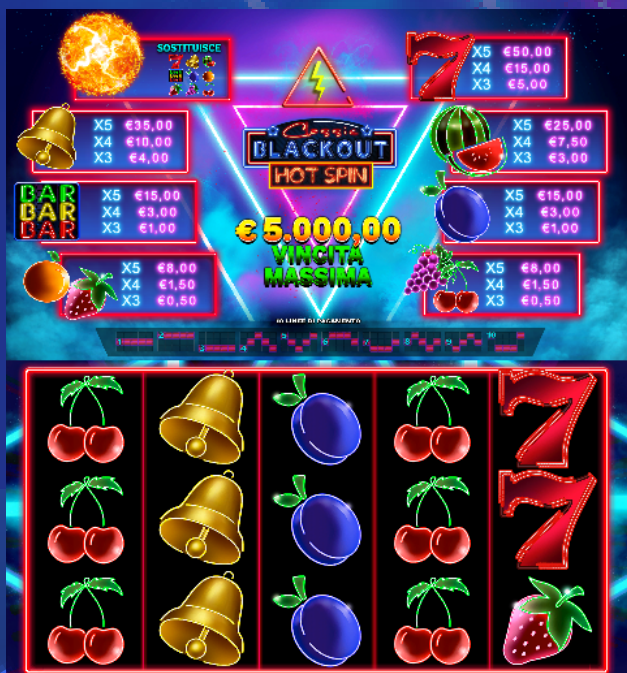

Fireballs can randomly activate and transform normal symbols into **Wild symbols**, creating **new combinations**.

PAYMENT LINES

10 paylines are activated when three or more matching symbols line up from left to right, generating winning combinations.

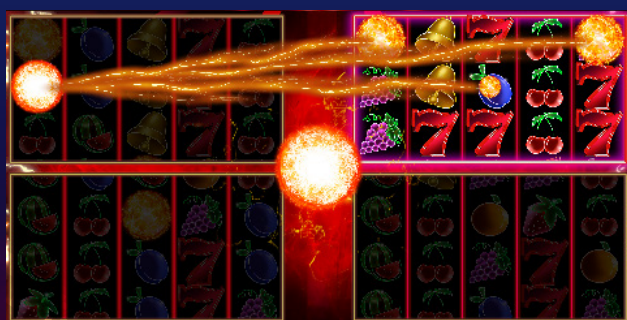

BASE GAME

Every time you win **4 times your bet**, the **Hot Spin** phase is activated!

HOT SPIN SYMBOL CHANGE

HOT SPIN

During the **HOT SPIN** phase, the game turns into an explosion of reels with **4 sets spinning simultaneously**, you start with the same bet as the base game for each reel. The points you earn are used instead of credit at a **1-to-1 ratio**.

In **HOT SPIN** mode, the **WILD** symbol in the center of the screen can randomly transform other symbols into WILDs and create **new combinations**.

SPECIAL SYMBOL

The game features 9 regular symbols and one **WILD**. The WILD symbol substitutes for all symbols
